SAN FRANCISCO, Aug. 7.—The jury in the case of Maury I. Diggs, accused of a violation of the Mann white slave act, was completed at 11:40 this morning and sworn to try the case. All of the peremptory challenges of both the prosecution and the defense were exhausted before the 12 men were finally selected. The jury is composed of representative citizens, married men with families, and most of the peremptories were exercised against single men or those having daughters only by the defense.

With a score of new veniremen hastily summoned by United States Marshal Elliott, and with a slightly larger group of women, including several engaged in civic reform, in attendance, the trial of Maury I. Diggs was resumed before United States Judge Van Fleet today.

The box was filled first this morning by the acceptance of J. H. Flynn, 1441 Page street, a retired merchant who quickly passed the ordeal of questioning by counsel on both sides. With the box again full the prosecution challenged Marshall G. Harris, president of the American Dredging Company, August E. Wiesmann, of 743 Howard street, also retired.

The defense then made another vacancy in the box by dropping peremptorily William Adams, a manufacturer who was also one of those accepted yesterday. E. V. De Lorme, a bookkeeper for the Alameda Fruit Company, and residing in Alameda, had no prejudices of any kind and seemed acceptable to both sides.

Special Prosecutor Sullivan received information that Wiesmann was not on the assessment role and Attorney Roche confirmed the statement. Wiesmann protested, however, that he was a property owner, paid taxes last year and expected to pay them this. The court then took a recess until a deputy auditor could be summoned.

Thomas Wm. Veitch
Died; Bride at Bedside

Thomas William Veitch died at 8:20 o'clock last night at the home of his mother-in-law, Mrs. Henry Miles Bull, on San Pablo avenue, after an illness of several months. He was married last May to Miss Elizabeth Latham, a well known society girl. On account of the death of Mrs. William T. Veitch, mother of Thomas Veitch, the wedding was a quiet affair.

Veitch was the son of Mr. and Mrs. William T. Veitch of this city, and was at his bedside when death occurred. The funeral will be held tomorrow afternoon at 3 o'clock from the home of the deceased, 25 Webster street.

DEMAND EVACUATION
OF ADRIANOPLE NOW

LONDON, Aug. 7.—Representatives of the powers took the first step today to compel Turkey to evacuate Adrianople, which her troops reoccupied after war broke out between the former Balkan allies. The diplomatic body demanded that Turkey respect the treaty between the former belligerents.

It is asserted in diplomatic circles that the contemplated action of the powers in the event of the present demand proving futile would be such as to make further hostilities between Bulgaria and Turkey unnecessary.

NAMES OF PERSONS SUMMONED

Following is the list of those subpoenaed to testify this afternoon in the case of Helen Sergeant, a 15-year-old girl alleged delinquent and said to have been served liquor in various saloons and cafes:

MISS BEATRICE MCCALL, assistant probation officer.
FRED OHE, proprietor of a cafe at Fortieth and San Pablo avenue.
CHARLES JOSEPH, proprietor of a cafe at Fortieth and San Pablo avenue.
WILLIAM CURTIS.
JOSEPH BYRD.
ERIC BRANDIES.
JOHN DOE ADAMS.
TOD & RED, proprietors of a Tenth street cafe.
FRANCIS SMITH, 21 years, companion of Helen Sergeant.
PAT KISICH, proprietor Saddle Rock.
R. T. KESSLER, proprietor of Kessler cafe.
TIMOTHY DORGAN.
MARTIN KATTSCH, proprietor Avenue cafe.
HELEN SERGEANT.
W. F. HURL, proprietor Savoy cafe, Ninth and Broadway.

WHILE the grand jury is investigating the conduct of a certain public official following a lengthy investigation made by District Attorney Hynes, complaints are in course of preparation by Assistant District Attorney Phil Carey in the cases of Helen Sergeant, an alleged delinquent, and young Ward Masters, who is in the county jail for embezzling money from his employer and squandering it over gaming tables in local saloons and poolrooms.

The grand jury went into session this morning in quarters at the county jail. A number of witnesses were in attendance. They were young men from Niles, who, it is said, were arrested in that town some time ago. The grand jury investigation is the outgrowth of these arrests and it is intimated that an indictment will be returned by the inquisitorial body. The name of the official has been withheld pending final action by the jury.

DRASTIC LIQUOR
ORDINANCE IS
SECRET

Mott Pockets Turner
Proposal; "Must Be
Careful"

Commissioner of Public Health and Safety Turner came into the council this morning with a drastic ordinance to replace the present obsolete and inadequate city liquor law. The ordinance did not get as far as public reading or even introduction, however, for Mayor Mott asked that it be handed to him, and he put it in his pocket.

Commissioner Turner was asked concerning the provisions of the proposed bill, but at the request of Mayor Mott he declined to reveal the changes projected by him as to the regulation

(Continued on Page 2, Col. 3)

Last evening Deputy Sheriff Ed Sweeney served a number of subpoenas in connection with the Sergeant and Masters cases. Those cited were instructed to appear at the Juvenile Court hearing this afternoon at 2 o'clock before Superior Judge Ogden. It is possible that all those brought into court will not be required to testify as their doing so would conflict with any subsequent action.

Just how many of the number are among those against whom complaints are being prepared has not been given out at this time. Warrants will be issued following the filing of the complaints.

Those subpoenaed by District Attorney Hynes upon information supplied by Miss McCall of the probation office are: Fred Ohe, Charles Joseph, Bert Curtis, J. Byrd, E. Brandies, Tod and Red, proprietors of a Tenth street cafe, Miss Francis Smith, P. Kisick, W. F. Hurl, T. Dorgan, R. Kessler, Helen Sergeant and Martin Katsch.

WOMEN PRESENT.
In connection with the courtroom action the women's clubs of the county are interesting themselves more actively in the welfare of young girls who have been in the habit of frequenting dance halls and other pitfalls of the night life of the city. Among those who are taking a prominent position in the investigation are Mrs. Reese Wood, first vice-president of the Child's Welfare League and Mrs.

CITY OFFICIALS CANNOT
AVOID THIS VITAL ISSUE

Members of the city council are hesitating to take up the matter of liquor license ordinance, as it is recognized that a fight must follow, and that there will be an extensive wrangle over the provisions of the new law. The matter is in the hands of Mayor Frank K. Mott and Commissioner F. C. Turner. Turner is ready to go ahead in the matter, but the mayor has not yet called the conference with the commissioners to talk over the proposed changes in the present law.

Commissioner Turner has come out unequivocally in favor of the demand of the citizens for a reduction in the number of saloons by about one-half the present number, and he is also in favor of more stringent regulation of the saloons. Mayor Mott has not expressed himself, and is understood to be in favor of changes in the present law and of extending the license provisions to social clubs which now enjoy a free liquor selling privilege.

Commissioner Harry S. Anderson is at present away on his vacation. It is possible that the liquor ordinance will not be taken up in earnest by the council until his return.

Members of the council are anxious that any change that is to be made shall be by unanimous vote of the commissioners, as the liquor ordinance is recognized as one of the most dangerous of the city affairs to tamper with from a political point of view. A spirit will be made of every move by the councilmen if there is any disagreement.

Commissioner Turner has announced that he will not again run for office, and as a consequence he has assumed a free attitude favoring

is to be made to reduce the number of saloons in Oakland, and the action of the council will be watched with interest.

Hayward Guardsmen Expect to Send Delegates to Big Event

HAYWARD, Aug. 7.—Three members of Company H, National Guard, of Hayward, have returned from the qualifying shoot at Sacramento, where 15 State representatives will be chosen to represent California in the National Shoot at Camp Perry. Two of the Hayward guardsmen occupy a high position on the scoring list at Sacramento, and the other members of

Company H are expected to do well. The three members of the team who are making a good showing and on whom confidence is placed to uphold the reputation of Company H as a crack shooting combination. Arthur Tupper is a crack shot on the list of 75 who are expected to be at the Sacramento shoot. Captain Tupper also occupies a favorable position on the list. Should these two Hayward men be chosen they will win the award of \$25 offered by the National Guard of California for the best marksmen who are picked to go to Camp Perry. The three members of Company H are: Captain Tupper, Sergeant Van Dyke, Private Pimental and Corporal Boone.

TWO CRACK TEAMS WILL PLAY POLO

Elaborate Plans Under Way for Big Show at Hayward

HAYWARD, Aug. 7.—The Castro Valley and Fire Department polo teams will participate in a polo match at the annual Hayward Fire Department sports, August 17, and are in training for the event and the match should be productive of good polo. Several members of both teams are clever horsemen, and their excellent training should make them expert winners of the match. Lieutenant Harry Crawford is instructing the first department team in the game. Bradford is a clever horseman and is owner of a fine English pony.

The polo teams are: Fire Department, Frank Perera, Joe Curry, C. Rollin, John Dobbell and Samuel Hamilton; Castro Valley, Charles Cook, Fred Wiedemann, Frank Hamilton and another player, who has not yet been chosen. The polo match will be held at the polo grounds, including triple riding, fancy and stake riding, greased pig chase and broncho busting.

NEIGHBORS CALLED TO TESTIFY IN COURTROOM

SAN LEANDRO, Aug. 7.—San Leandro's justice of the peace court was crowded with witnesses yesterday, who were called to give evidence in a case where Carl Carlson and Mrs. L. Carlson of Mount Eden were charged with disturbing the peace. The complainant was Mrs. Alice Preston, a neighbor of the Carlsons. Both defendants denied creating a disturbance. Judge D. U. Toffel, after hearing evidence, dismissed both cases.

AUTO COLLIDES WITH COW NEAR HAYWARD

HAYWARD, Aug. 7.—Fred Starr of Hayward was a victim of a serious injury when he ran his automobile into a cow in Castro valley yesterday. The cow stepped in front of the car, and although the auto was going slowly at the time, the cow was bowled over. The machine swerved to one side and was almost overturned. Wesley Armstrong of Hayward was along with Starr. Both men escaped injury.

Despite Protest of Attorney R. M. Rowe Goes to Jail

SACRAMENTO, Aug. 7.—The operation of at least four and possibly five laws enacted at the last legislative session will be held up until the next general election by the referendum, according to announcement made by Secretary of State Jordan.

Jordan said that 29,722 signatures had been received against the "blue sky" bill and 23,840 against the water commission act. To invoke the referendum 19,287 signatures are necessary.

Registrar Zemansky of San Francisco informed Jordan today that he would send about 10,000 signatures to the referendum bill, which, added to the 10,207 already on file in the secretary of state's office, assures a referendum against this measure.

LOCAL COURT OF HONOR HAS BI-MONTHLY MEET

Last Tuesday evening members of Oakland Court 542, Court of Honor, held their bi-monthly meeting in Carpenters Hall, 164 Twelfth street. Delegations from San Francisco Aloha Court 1288, headed by Chancellor A. G. Lyon, and from San Leandro Court 75, were also present.

Formal business having been disposed of, eleven candidates were initiated into the order and sixteen in preparation for next meeting.

It was decided to organize a drill team under the captaincy of Brother Fair.

A committee of brothers Anderson, Boddy and Sennels were appointed to establish an orchestra in support of the dances and social evenings of the court, the talent available being of a high order.

A. V. Wisbart, Esq., of the Kahn Building, was unanimously accepted into the social circle and will act as honorary drummer.

The usual monthly minstrel tournament will be held on Tuesday evening, August 19th, when valuable prizes will be competed for and will be open to friends of the members and the public.

On same date the annual election of officers will take place.

STATE WILL COMPLETE ROAD AT HEALDSBURG

SANTA ROSA, Aug. 7.—Work has been commenced again on the state highway from this city to Healdsburg, after a cessation for several weeks on account of the failure of the contractors. An agreement has been made with the bondsmen of Keatinge & Sons of San Francisco whereby the state will finish building the highway. It is expected that all the laborers who were left stranded at Windsor without food and money will be paid. The work will be rushed to completion before the winter rains set in.

It was stated that a satisfactory water supply has been furnished by the water company since the complaint was first made several weeks ago, but the trustees decided to go ahead with the complaint. The town trustees suggest that the principal complainants against the water supply, which he said was inadequate to meet the demand in case of fire. Superintendent Warren of the water company has assured the trustees that steps were being taken by the company to spend a large sum of money in improving the water supply.

MAN AND WOMAN FAIL TO RETURN

Frank Nold Disappears in Oakland and Miss M. Robinson in San Jose

Frank Nold, 320 Jefferson street, left his home yesterday to go to the office of Dr. C. H. Denman, 2123 Bancroft way, Berkeley, yesterday for medical attendance, and has failed to return, according to the report made to the police by his wife. It is feared that he has suffered some mishap.

Nold is described as 43 years of age, 5 feet 8 inches in height, weighing 143 pounds, with gray hair, hazel eyes, and medium complexion. He wore a gray suit of clothes and black soft hat.

The police of Oakland have been asked to search for Miss Mary Robinson, 22 West Waltham street, San Jose, who left her home in that city to come to Oakland and disappeared en route. The woman had been an inmate of an asylum, and was recently released. She disappeared August 2.

DOG IS CAUSE OF ALARM ON STREETS

SAN FRANCISCO, Aug. 7.—The Hayes Valley district was in an uproar today when a heat crazed and supposedly mad dog careened down the street causing a hurried rush indoors. The animal was small, of the cocker spaniel breed, and as it rushed barking down the street it foamed at the mouth. Several children, playing in the streets, first attracted its attention. It rushed snarling at them and they fled. Several other groups of people at Fell and Laguna streets were also disturbed by the animal, which finally stopped in front of the coroner's office, where several children flying from the heat-crazed animal.

MOTHERS HAVE YOUR CHILDREN WORMS?

Are they feverish, restless, nervous, irritable, dizzy or constipated? Do they continually pick their nose or grind their teeth? Have they cramping pains, irregular and nervous attacks? These are all signs of worms. Worms not only cause your child suffering, but stunt its mind and growth. Give "Kickapoo Worm Killer" at once. It kills and removes the worms, improves your child's appetite, regulates stomach, liver and bowels. The Kickapoo Worm Killer is made by Dr. J. C. Williams, Philadelphia, Pa.

The Saloon Issue Cannot Be Evaded

THE TRIBUNE has no grievance against Mayor Mott; on the contrary, it cheerfully admits that he has many excellent things to his credit. In every progressive movement he has stood for, he has had the enthusiastic support of THE TRIBUNE. There is not a public enterprise with which his administration is identified that this paper has not championed with zeal and energy. He has given the town many physical betterments, but a scheme of moral betterment awaits his hand. Will he hold back his hand from the task before him, or will he do worse and try to temporize and stifle a reform movement by indirection and inaction? We hope he will decide to be right and with the good people, and not the doggeries and the political fizzle they represent.

We warn Mayor Mott that carrying water on both shoulders will not do in this matter. The people are in earnest and they cannot be blinded or deceived by subterfuges. They insist upon action, and if they cannot get it in the Council they will force it by the referendum. If the people be forced to that resort, the recall will probably be invoked. Once the line is sharply drawn, the Mayor and the Commissioners will have to stand on one

side or the other. They cannot straddle the issue.

This is not a move to bring in prohibition, but to improve moral conditions. THE TRIBUNE did not make the issue nor manufacture the sentiment that is demanding a diminution in the number of saloons. Saloon Keepers of a certain type made the issue, and the presence of an excessive number of saloons suggested a concrete plan of reform. THE TRIBUNE is in hearty sympathy with that plan and voiced the sentiment, and is enlisted in the fight for better social conditions till the last round. It promises the good people of Oakland to do all in its power to have the number of saloons reduced. Not by a few, but on a large scale, and will continue the battle for a cleaner society and a government more responsive to moral sentiment regardless of who stands in the way or falters in the advance.

Let not Mayor Mott delude himself with the notion that the people are not in earnest or that this saloon question can be jockeyed with. We hope he will meet the issue like a man and go forward with his face to the rising sun, leading the best and bravest in the community, but if he fail in his duty, so much the worse for

him. Candidly and in all friendliness, we assure him that he is at the parting of the ways. He must go with the forces that are seeking to elevate moral standards in this community and purify social conditions or he must cast his lot with the element that is degrading the liquor traffic, debasing our social life and placing leprous hands on our domestic politics. There is no middle ground. He must either be the friend of the people or the friend of the law-defying saloon keeper. He cannot be the friend of both.

The fight is on, and there will be no peace till the forces of good order and good morals, the forces which represent the family, the church and the children, have asserted their supremacy and put an end to a condition that shocks the moral sense of even the worldly-minded free liver.

In a spirit of friendly admonition we warn him that the public temper is not to be mistaken; the public determination is not to be shaken. A succession of nasty scandals in saloons involving boys and girlsoftender years have provoked a feeling that is not to be allayed by half-way remedies and time-serving promises. The spring that is poisoning our social

life must be dried up. Nothing less will suffice. The man who conducts his saloon in a clean, orderly, law-abiding manner in the business zone will not be disturbed—provided he does not make common cause with those who have made the retail liquor business a stench in the nostrils of the community—and his business will be all the safer and more respectable by driving out those who are degrading it. No official can successfully fight for the law-breaking dive keeper by pretending that he only wants to be just and fair to those who have not offended and who are in no danger.

It is a clean-cut proposition of cutting the number of saloons by one-half, driving out the doggeries and disreputable joints, and it can be made nothing else unless all those engaged in selling liquor by retail and wholesale unite in resisting the moderate reform which popular sentiment demands and conditions justify.

The Council may not palter with this issue. The referendum is an instrument that is sure to be invoked in case of official failure to register the popular will, and once popular indignation gets in motion it will be hard to halt short of the recall.

Death of Judge Hall.

By the death of Judge Samuel P. Hall Alameda county loses one of its most eminent and useful citizens and the appellate bench an able, upright and learned jurist. In a high degree he exemplified the domestic virtues, the qualities of good citizenship and official probity.

Judge Hall served Alameda county as District Attorney so actively that his promotion to the Superior bench followed. He was re-elected Superior Judge and when the District Court of Appeals was created he was appointed one of the Justices of that court by Governor Pardee. He was re-elected by an overwhelming majority in 1906.

He died in the fullness of his powers and usefulness, at the age of a day's labor on the bench, and leaves behind a memory of good deeds and an example that is as a beacon set on a hilltop.

President Huerta defiantly rejects mediation before anybody offered to mediate. When it becomes necessary to take effective action, which we hope will be far in the future, it will not be in the form of mediation. Huerta will not be dealt with as a disturber and an obstacle to peace and order.

The San Francisco Bulletin apologizes to Chester Rowell for publishing him of expressing disgust at the noisome underworld of which the Bulletin is printing and featuring up to catch the curious interest. If Mr. Rowell deserves this apology, he is less deserving of respect than we deemed. Fancy a man being flattered by acquitting him of the charge of being decent.

The Quandary in Mexico

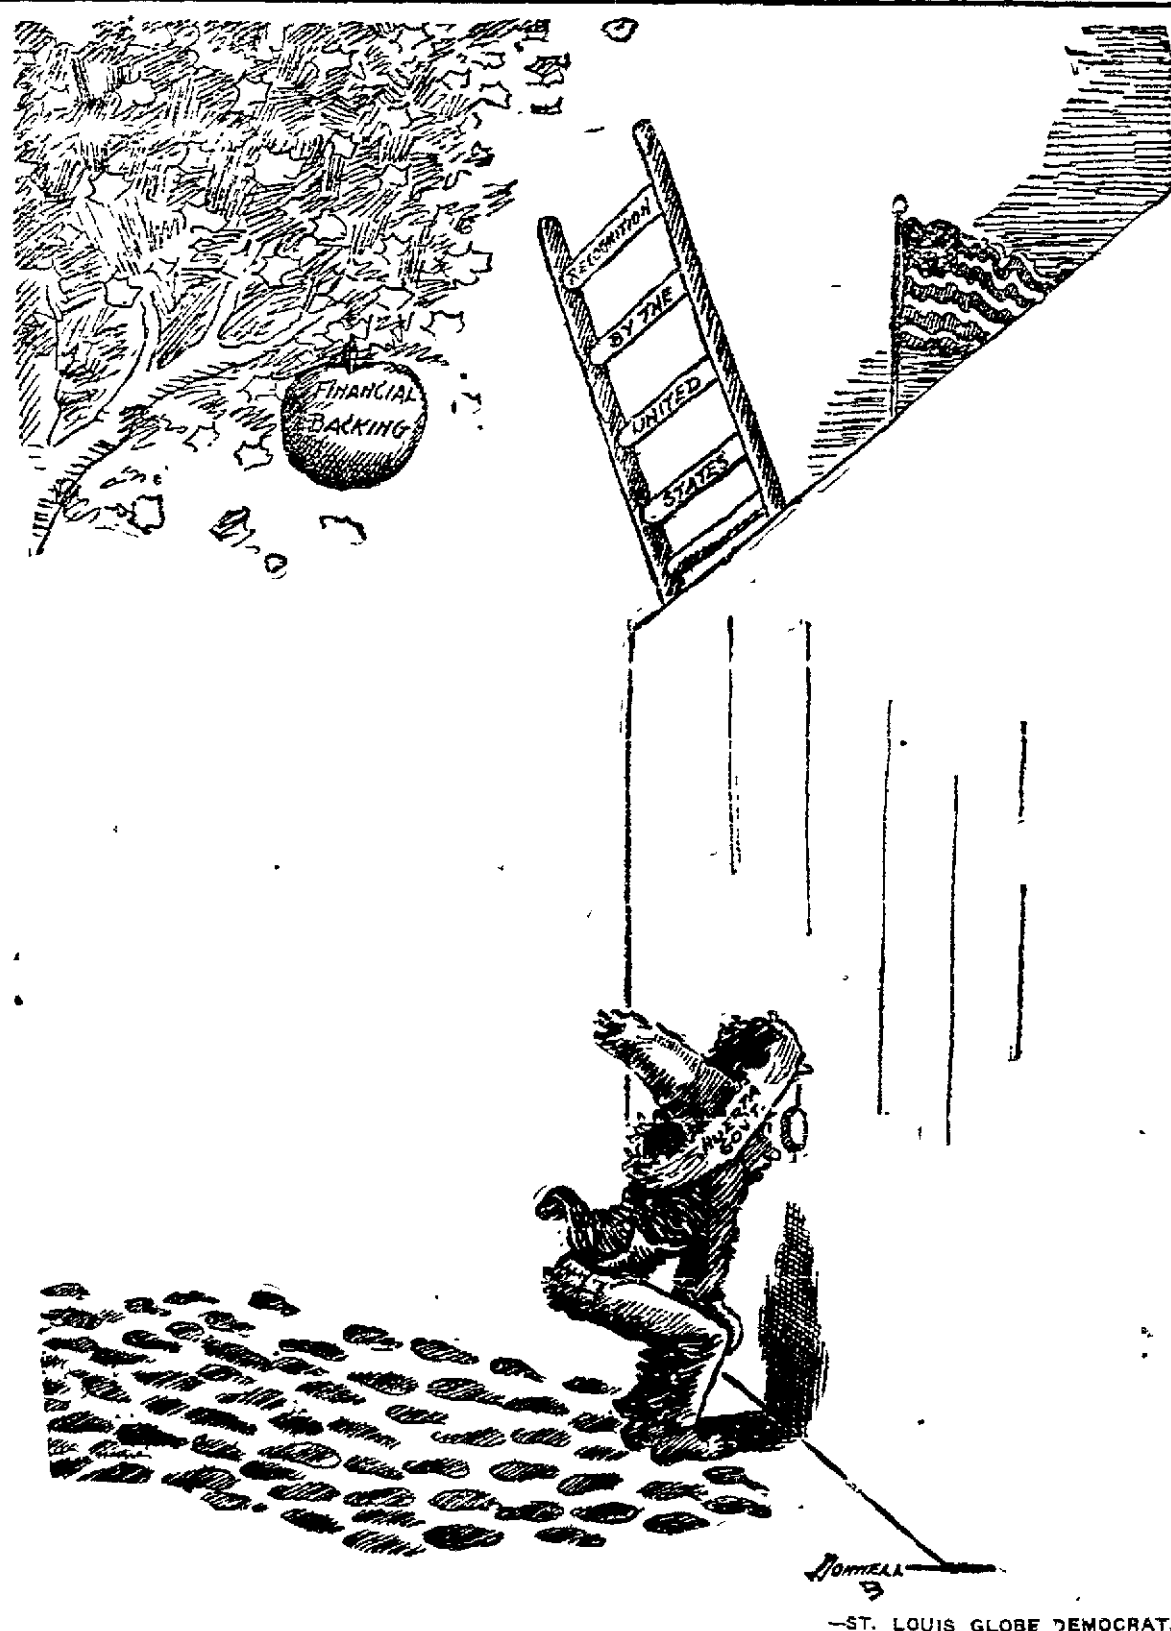

The resignation of Ambassador Lane leaves our government without an accredited representative in Mexico. President Wilson appointed the Hon. John Lind to look after the interests of the United States in Mexico, but Mr. Lind has no diplomatic standing. Through diplomatic eyes he is only a private citizen.

The situation is anomalous because our government cannot admit Mr. Lind to the Huerta government as ambassador without recognizing Huerta as de facto president and treating with him as such. This the Wilson administration is resolved not to do. Other governments have officially recognized Huerta as president of Mexico, but ours will not. Yet the United States is a recognized official representative in Mexico worse than other nations. There are many Americans in Mexico and our country has large property interests in that country. How to give them adequate protection is under the circumstances a difficult problem to solve.

For injuries inflicted on American citizens and their property we will ultimately be compelled to pay, but this sort of redress is not reassuring to persons in immediate danger. Huerta is angry at the refusal to recognize him, and may not be inclined to protect Americans from outrage and insult. News is supposed to be inspired by his government are violently hostile to Americans and the American government, showing the higher up.

His phase of the situation is giving concern in Congress, as evidenced by Senator Clark shows. There is a disposition to force the President's hand or compel him to show it down. Yet doubtful if any good can be accomplished by embarrassing the department by throwing the trouble in Mexico in the face of our domestic politics. The policy of hands off should be maintained as long as there is a possibility of the country being brought under some rule without the application of force.

And Nobody Will Lend Him a Ladder

—ST. LOUIS GLOBE DEMOCRAT.

Sir Edward Grey, the British Secretary for Foreign Affairs, denies categorically that the question of canal tolls had anything to do with the refusal of the British Government to participate in the Panama-Pacific Exposition. He said the cost was what decided the matter. He further declared that a great many English merchants and manufacturers believed that the promise of trade extension in this territory did not warrant them in making exhibits. Nevertheless, we are of the opinion that a less gloomy view would have been taken had the United States yielded to Great Britain in the matter of canal tolls. No doubt Sir Edward Grey is sincere in his declaration. Nevertheless, it is quite probable that his views are insensibly colored by the controversy over canal tolls. British public opinion is probably influenced by it. But British trade will not expand by participating in the exposition to increase trade in countries having a diplomatic dispute with the English government.

Benefit balls, baseball games and social affairs of all kinds are now being planned in the transbay city to benefit the big exposition.

The most serious fire that has visited Oakland in many years completely destroyed the mill factory of the Pacific Iron and Nail Works at the foot of Market street, early yesterday. Loss is estimated at \$200,000, with \$30,000 insurance. Arrangements will be made at once to rebuild and reopen as soon as possible. Two hundred hands were employed when the place was running.

Congress is now in extra session. Representative Crisp was elected Speaker of the House.

Two extra firemen for each engine and a driver and team for the new hose wagon have been requested by the Alameda chief of the fire department. It is likely that the city council or that place will grant the request.

CREDITORS SET TRANSFERS ASIDE

Stock Assigned to Wife by J. Downey Harvey Held Fraud on Creditors

SAN FRANCISCO, Aug. 7.—Stock transferred by J. Downey Harvey to his wife before going through bankruptcy, will go to his creditors despite the attempt to put it out of the way, according to the decision of Judge E. A. Farrington of Nevada, sitting in the United States District Court yesterday. The judge decided that the couple were guilty of a fraud in the transfer of the stock.

"Love and affection, the terms used in the transfer do not outweigh creditors' claims," declared the judge. In 1909 the man was hopelessly in debt, according to testimony given in the case. The transfer was made of the stock of the Shore Line Investment Company, a land corporation, valued at \$200,000. It was claimed that he made the transfer in 1905, but his creditors declared that it was really four years later. Had the transfer been made in 1905, when he was admittedly a millionaire, yesterday's judgment would not have been rendered.

The judge, in explaining his decision, said:

"The stock of the Shore Line Investment Company, a land corporation, valued at \$200,000. It was claimed that he made the transfer in 1905, but his creditors declared that it was really four years later. Had the transfer been made in 1905, when he was admittedly a millionaire, yesterday's judgment would not have been rendered."

"It is difficult to avoid the suspicion that the changes in Mrs. Harvey's testimony were made to escape the effect of the evidence showing that she was in New York in July, 1905, at the time she said she received the stock certificates from Mr. Harvey in San Francisco."

"A peculiar feature of the transaction is the fact that more than four years after the transfer of the stock was concealed from the public."

The stock involved in the decision produces a dividend of \$1200 a month, and represents city realty and about 25,000 acres of undeveloped land. Mrs. Harvey loses about \$14,000 a year which her husband's creditors gain.

AUTO BANDITS KEEP L. A. POLICE BUSY

LOS ANGELES, Aug. 7.—The police of Los Angeles and surrounding cities redoubled their efforts today to apprehend a trio of automobile bandits when it became known that two of the bandits had been arrested.

When J. E. Miller and H. G. Watkins and their wives stepped from a Redondo Beach car late last night, the bandits moved out of a shadow and came to a stop by their side. Miller and Watkins were robbed of \$40. Later the automobile highwaymen attempted to stop another automobile, but the operator of the approaching car put on full speed and escaped.

Besides a dozen or more highway robberies, the automobile robbers are held responsible for the shooting of W. H. Hackett several weeks ago, when the latter attempted to resist them.

GEORGE W. HAYS IS INSTALLED GOVERNOR

LITTLE ROCK, Ark., Aug. 7.—George W. Hays of Camden took the oath of office as governor of Arkansas, succeeding Senator J. M. Futrell, who had been acting governor for several months.

Judge Hays is the fourth man to take the oath since January 15, 1913. On that date George W. Donaghy's term expired; he was succeeded by Congressman Joe T. Robinson who a few weeks later resigned to qualify as United States senator; Senator O. K. Oldham, president of the Senate, then qualified but the title of the office was sought a few days later by Senator J. M. Futrell, president pro tem of the Senate and he won in court.

Judge Hays was elected July 23 at a special election.

TYPEWRITER KEY FURNISHES CLEW

Automobile Dealer of Long Beach Said to Have Attempted Blackmail.

LOS ANGELES, Aug. 7.—Charged with having attempted to blackmail a woman through a fictitious detective agency, E. Young, an automobile dealer and prominent church worker of Long Beach, was held in the county jail today, while the county grand jury is investigating the case. A defective letter in his writing, which was responsible for Young's arrest, after Miss Kitty Bahrenburg, a member of Young's church, had told her story to the district attorney. Miss Bahrenburg said Young had paid agent court to her, and then shortly afterward she received a letter from the Sunset Detective Agency, saying in effect:

"We know all and unless you pay \$500 at once, your church also will know all."

The detective agency letter contained a purported copy of a letter in which Young promised to pay \$5000 cash money.

Miss Bahrenburg called on Young and she said he advised her to pay the money. Miss Bahrenburg tried to borrow the \$500 from her banker and told him the purpose for which she needed it. On the banker's advice she took the case before the district attorney, and detectives from the latter's office reported that the detective agency letters were written on Young's typewriter. His arrest followed.

HOTEL STEWARDS WILL MEET AT S. F. IN 1915

FAIR DIRECTORS SUE SPRECKELS

Banker Replies That He Demanded Stock Be Issued in His Name.

SAN FRANCISCO, Aug. 7.—A dispute between Rudolph Spreckels and the Panama Pacific Exposition Company ended in court yesterday when the millionaire was sued for his stock subscription balance of \$17,500. The trouble arose with a disagreement between Spreckels and the Exposition over the issue of the stock in his name, and the result was that Spreckels cancelled his subscription. The company is suing to enforce his abiding by his agreement.

The suit was started Tuesday when Curtis H. Linney and F. S. Brittain, as attorneys for the company, filed papers. Charles C. Moore, president

of the company.

Spreckels contends that the conditions made when he subscribed to the stock were not complied with, and on the ground refuses to accept his stock. Any further payment, he declares, would fix his liability up to the par value of the subscribed stock, and unless the stock is issued in his own name he does not care to assume this. At Local Play Houses

ORPHEUM.

The tide of prosperity runs high at the Oakland Orpheum these days, and quite properly so, for it has been a long time since such a remarkable vaudeville program has been exhibited there.

Irene Franklin, of course, is a star whose wonderful character songs are really the talk of the town, and she is entitled to the credit for the big houses that are in evidence at the Orpheum these days. The management announces that Miss Franklin is to render entirely new songs tonight. She will sing for the remainder of the week "I Want to be a Janitor's Child"; her "Chambermaid" song, "The Chorus Lady's Debut," "She Makes Me Sick" and a number of others for which she is famous.

The youngsters of the town are wild over Miss Orford's wonderful elephants performing. The elephants do everything but talk and are so very intelligent that their stunts border almost on the miraculous.

The remainder of the Orpheum show this week is a splendid affair entirely new from start to finish. The bill includes Pat Rooney and Marion Bent, two great favorites, who have a splendid new dancing and singing sketch called "At the Name of the Law."

COLUMBIA.

Re Lechinski agrees with a certain novelist that John Barleycorn is a treacherous companion. This conclusion was reached after our new friend had been humbled by a speeding automobile, and had signed his name to a contract calling for his appearance before the altar of everlasting bliss. Lechinski is one of the many amusing characters in Dillon and King's latest mixture of mirth and melody, entitled "The Affinities," now holding forth at the Columbia Theatre.

The new show is in two scenes, one a musical comedy and the other an up-to-date hotel. The comedy allows for much fun-making, racy musical selections, pretty costumes and amusing complications. The plot deals principally with the matrimonial troubles of Re Lechinski, the law practice of Mike Dooly and the matrimonial bureau activities of

comedian Ben Dillon and Will King, all of the favorites of the popular aggregation. Maxine Beatty, Ernest Van Gelder, Bianca Trevelyan, Max Steiner, Mabel Fitzpatrick and the new member of the company, Jack Wise. The musical program is thoroughly enjoyable, and contains the following numbers: "That Baseball Rag," "Midnight Tetter," "Way Down in Georgia," "What a Little Shrimp Will Do" and "When You're Living in a

King Karnal will hold court at Idora Park next Saturday night in the big swimming pool. Every color will be presented with a big colored novelty paper cap, a whistle or a "sawduster," and an unlimited supply of vaudeville serpents.

With these the skaters will circle, whirl and dance to the colored ribbons streaming out behind them. It is planned in future to hold a carnival every Saturday night, with free decorations and noise makers for all.

The Mayor of Tokio is the offering of the Idora Musical Comedy Company this week. The show is a merry farce-comedy, typical of Japan, with the comedy wrought in against the Oriental background in the form of an American traveling troupe in Japan. J. Bundy, the new comedian, made a hit as Kow Tow, a musical comedy, "Hiram."

When you hear the title, you know it is another act that makes the folk laugh, while the Olga Samoroff Trio, as fine an organization of talented concert artists that has ever appeared locally, are attracting lovers of good music to the Pantheons.

The Samoroff Trio is the sort of numbers that makes friends for vaudeville. It is just a few years ago that it was not thought possible to present such a high class offering in popular price vaudeville. Howard and Delores Roy La Pearl, the singing blacksmith, and our own Will H. Hackett, the auctioneer, are two who have proved themselves a master of the comic, are other excellent acts. For the coming week the headliners will be Emma Carus, queen of all vaudeville comedienne, and a big production of the new musical comedy, "Hiram."

By BILLY FITZ.
KAYLOR'S Texas leaguer
in the ninth, with the
bases drunk, put Oak-

Venice in the club standing,
while the defeat of Sacramento
by the Seals enabled the Oaks to
gain slightly on both Los An-
geles and Sacramento. The Port-
land spoonbills, however, with
Gene Krapp holding the enemy to
three hits, continued cheer-
fully on their way to Pennant-
ville. It begins to look as though
the Ducks will never be headed.
We will know more about that
by next week when the Oaks
tackle the leaders on the latter's
home grounds.

Prutt picked a grand game yesterday
and was victorious. He was
the ninth, when Moore and Maggart
singled in succession. Maggart's drive
nearly tore a hand off Prutt. It struck
the fingers in his pitching hand and
numbered them. Prutt was relieved
by Ables, and subsequently de-
velopments show that his idea was good.

Up came Ivan the Terrible and Prutt's
thumb fingers fed him a shoulder ball
with no more curve to it than a lead
pencil. Howard promptly did a
Cory, and the score was tied.

In the ninth for Oakland Cook singled.
Gardner walked. Schirm was hit by a
pitched ball and Kaylor scored a scratch
hit behind third, scoring Leonard, who had
replaced Cook on the bases.

Jackson got into the game just in
time to be charged with defeat,
though it was Perritt off whom Kaylor
got the winning hit.

Ewing expects to see Walter Schmidt
picked by the White Sox instead of
Jimmie Johnston, though Coniskey has
a strike on the latter, also, and may take
both.

The Cubs played sensational ball and
only got beat 2 to 1.

Cutshaw binged one for two sacks.
The Cubs won, however, after ten in-
nings, by a 4 to 3 score.

Another homer was chalked in Third-
baseman Baker's record. He also got a
single.

Christy Mathewson slipped up in his
pace yesterday and after the Pirates had
found him for ten hits, in five innings,
was hooked in favor of Wilts.

Julius Pappa, the former St. Mary's
College boy, continues to shine with
the Cubs. He hit safely twice in four
chances.

Apparently McCall's batting is not up
to the expectation of the Sportsman. An
agreement for him has been dropped to
seventh place in the batting order.

Second Baseman John Rawlings of the
Victoria Northwestern league team has
been sold to the Cincinnati team of the
National league for \$2000. Rawlings will
report to Cincinnati next spring.

Richard Hills of the Montgomery
Southern league club has sold the fran-
chise to an organization of eleven men,
headed by M. P. Wilcox.

Merley pitched a good game at Sacra-
mento yesterday though a trifle wild. The
Seals kicked themselves out of the game
because of the heat. Decanniere's usual
bad inning accounted for the Wolf falter.

Teddy Kaylor, the distinctive pitcher
of the Oaks, thinks he saw one of the great-
est plays ever pulled off in organized
baseball, and no doubt many fans will
agree with him. His idea came up in
1911 in the Three I league with Danville
playing Bloomington and the latter team
at bat in the ninth inning, two runs be-
hind. There were two outs and two
strikes and three balls on the batter.
The latter, by the way, was Harry Ball,
one of the fastest men in baseball. It
seems that speed and power were off like
the pitcher and first baseman tried to
scramble madly to first base ahead of
Ball, and the runner beat them both to
the base.

So this was going on the man from
third and the runner from second had
both scored and the runner who was on
first had rounded third and was tearing
for the plate as fast as he could for it.
The startled first baseman heaved hur-
riedly to the catcher too late and every-
body was gone, bringing in the run that
ended the game.

The baseball, Bob, that's baseball!

The passing of Justin Fitzgerald
from the Northwest league seems almost
unaccountable. Here's a lad who set the
Coast circuit on fire the first month, and
for whom McCall demanded \$10,000
when Connie Mack wanted him for the
Philadelphia Athletics.

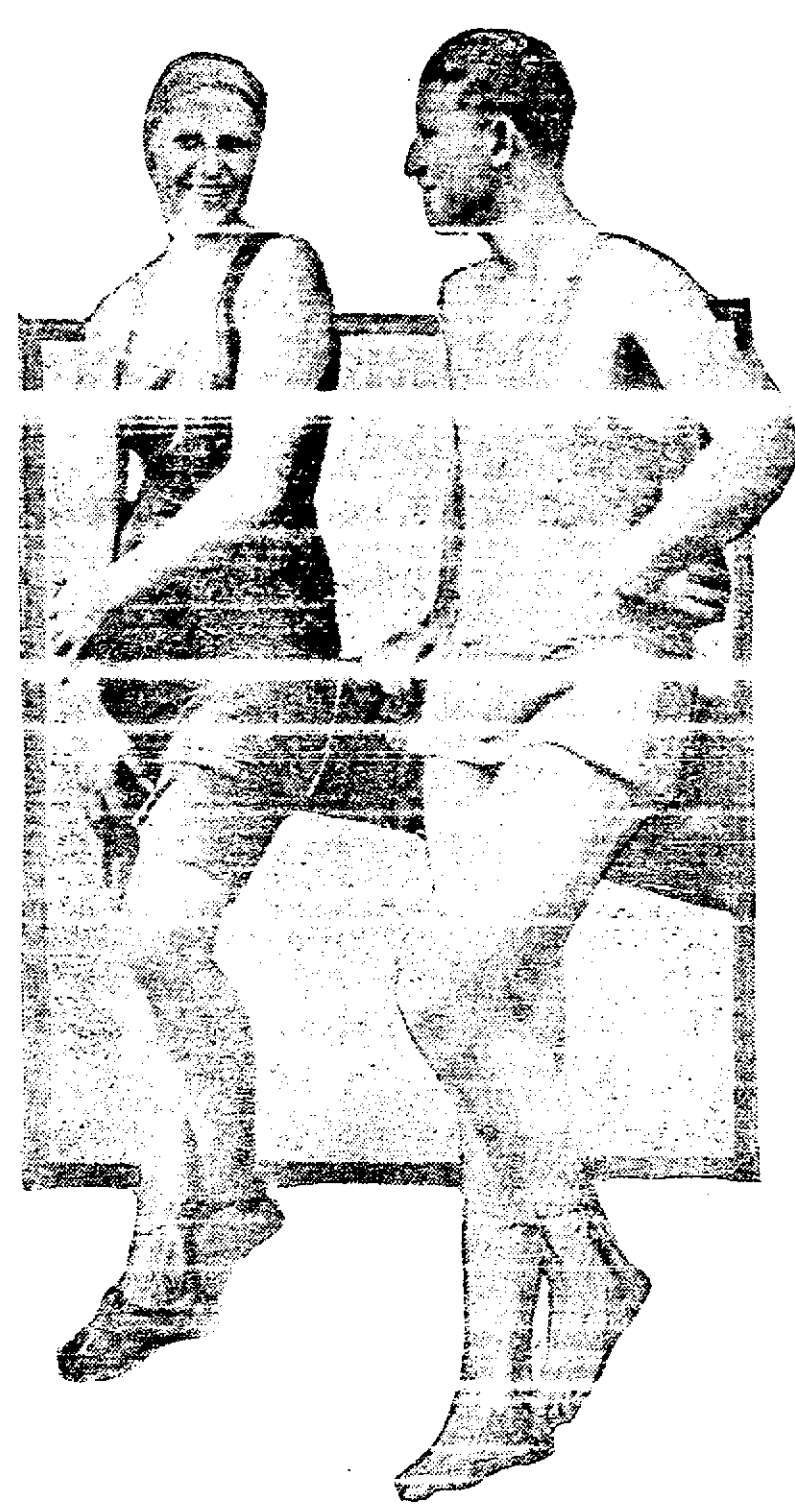

Youngster, whose speed on the path was
greater than Jimmy Johnston's. He had
a bad arm, and that was the only reason
he was not a star. He hadn't grabbed him
at all, but it was thought that he could
gradually get over this complaint.

But of a sudden, Fitzgerald lost his
batting eyes and began to flounder. He struck
out so persistently that his base running
was nil. For that reason, McCall turned
him over to the Colts, and he was
vainly to make a trade. Cunningham
is another youngster who suffered
the same experience, breaking in towards
the close of the 1912 season and leading

himself to the top.

The best play we ever saw occurred in
the game the other night when we faced

Miss Margaret Brack and Ernie Smith, shown above, are two of the fastest amateur swimmers in the bay section. The latter yielded supremacy only recently to Duke Kahanamoku, who set three new world's records last night. Smith was a star of the Lick High school, but is now swimming in the colors of the Olympic club. Miss Brack is the American holder of the 440-yard record. This snapshot was taken on the Alameda surf line.

TRIBUNE RACE COMMITTEE WILL MEET SATURDAY NIGHT

**Admission Day Marathon Details Dis-
cussed by Instructors**

Committeemen having in charge the details for the great Admission day
race around Lake Merritt, given by THE TRIBUNE, will meet Saturday
evening in THE TRIBUNE editorial rooms to discuss the best methods for
making the affair an unprecedented success and an annual event in Cal-
ifornia athletic circles.

Notification has been sent to every athletic organization in California,
and it seems certain that the entry list will be one of the largest ever re-
ceived.

should not hesitate to begin now, for the course is ideal, and the prize list so
well distributed that there is plenty of opportunity for twenty and even thirty
runners to gain distinction.

Then there will be another race next year over the same course, so that
the experience gained next month may stand the amateur athlete in good
stead for next year.

Every physical instructor who has seen the course laid out by THE TRIB-
UNE pronounces it ideal.

Some time next week THE TRIBUNE proposes to invite all the prospective
entrants to gather some evening at the lake and become acquainted with the
course. The Oakland Y. M. C. A. has kindly consented to give those who
come the use of lockers and showers on that evening.

Coach Otto Rittler of St. Mary's college is very enthusiastic over the pos-
sibilities offered by the race and is hopeful of seeing over 250 entries. His
wide acquaintance with the athletic clubs of Northern California has made
him a valuable member of the committee.

The Hayward Athletic Club proposes to enter a strong team.

STORY OF J. FRANKLIN BAKER, "HOME RUN HERO"

Philadelphia Star Discovered
by the Giants' Third
Baseman.

J. Franklin Baker, whose mighty wal-
lop won the world's series for the Ath-
letics from the Giants in 1911, has few,
if any, peers as a third baseman. He is
one cog, and a main one, in the work-
ings of the sports world of the Ath-

The strangest part of his advent into
professional baseball and his early de-
velopment is that he was one of the
Giants, "Charlie" Hertzog, who virtually
discovered him and guided him to his
early training. It was also Hertzog who
made him a third baseman, and at him
Baker's story follows.

"Charlie" Hertzog of the Giants it
was who discovered me and made me
a third baseman. I was a pitcher in my
early training, but possibly I should
never have become a professional base-

man and a man named Frankie Day.
"I was playing ball on an amateur
team in Toledo, Ohio, when I was born
with little idea of playing baseball as a
profession. I was a pitcher and played
it until the summer of 1908.

GETS A WEEK AND BOARD.
"At Toledo, Ohio, I support a semi-
professional team. This Mr. Day, to
whom I previously referred, happened
to see me play three games and
recommended me to Hertzog, who was
then managing the Ripley team.

Hertzog sent me to Toledo and I
was a week and got my board. I was
like a million to him. That was in
1908 and I was 19 years old.

"When I joined Ripley I was an out-
fielder. Like a lot of youngsters, I
played every position of a team, but gen-
erally favored the outfield.

"At Ripley Hertzog watched me play
and decided that I was better fitted to
play the infield.

"At that time he was playing shortstop
and he needed a third baseman, so I was
given the place. I finished the season
there, and the following year joined the
Cleveland club.

"During the spring of 1909 I was given
a trial with the Reading Tri-State
League Club, and after playing there
through the months of May and June I
was purchased by the Athletics, but was
permitted to finish the Tri-State League
season with Reading.

FELT LIKE BIG LEAGUER.
"If I remember correctly, I joined the
Athletics on September 1 at Chicago.
I arrived in the morning, and up to
that time I had never met 'Connie' Mack,
but I seemed much of a big leaguer and
breathed into the hotel without the least
hesitation.

"I presented myself to the manager
and that afternoon was played at third
base. I have been at third ever since.

"When I first joined the Athletics I
was, of course, possessed of a certain
amount of natural ability.

"My experience with Hertzog and later
with the other two professional clubs that
I played with stood me in good stead but
when I jumped into the American League
I discovered that I did not know nearly
as much baseball as I thought I did.

"There is a great deal more to base-
ball than just finding and hitting the
ball.

"These are the essentials, but it is just
like any other business—there are many
other things that a fellow must master
before he can hope to compete suc-
cessfully against seasoned players.

SURE, IT'S A COMPLICATED GAME.
"Baseball as it is played in the big
leagues today is a complicated game—
much more complicated than it may ap-
pear from the stands. There is a reason
for every move that is made. Of course,
there is some haphazard, take-a-chance
playing.

"There is in every line of endeavor,
but even in these instances the chances
are taken with a well defined purpose,
and the chances are not, as a usual
thing, taken individually.

"The Athletics, as a team in major
league baseball must work in unison.

runner is going to do, the baserunner
must know what the pitcher is going to
do. Each man must either play to
win, or lose, or draw, or whatever the
pitcher is going to do, and the players
must make a study of the weaknesses of
one another.

"And as it is necessary for the pitch-
ers and catchers to study the different
batters, but the rest of the players must
study them. It all helps in the winning
of games."

TRY - OUT TOURNEYS FOR BOWLERS

The Oakland Scottish Bowling club has
initiated a series of tryout tournaments
on the Lakeside park bowling green,
following its re-opening. The final in-
two trials have been held, and the
club members and the first of a four handed
series was played yesterday afternoon. It
was decided to hold the tournament at
a later date between the older mem-
bers on the one side and the younger
members on the other—the age limit to
be definitely given upon a future
meeting of the club.

The final in the two of the two handed
tournaments was decided Monday after-
noon. Each man played either in the
four or in the two handed series. The
club members were composed
respectively of Dr. E. R. Still (skip) and
Robert Dalziel Sr., T. Evans (skip) and
W. H. Hume (skip). The first of the series
had been previously won by the Evans
team. Monday afternoon's game re-
sulted in its favor, as follows:

Evans team—1000 (1000) 1000—15
Still's team—1000 (1000) 1000—15
Evans team lost 12 ends; Evan's team
lost 9 ends.

The final in the second tournament
was decided Tuesday afternoon. The
teams were composed of Major Henry
Hume (skip) and Robert Dalziel Sr., T.
Evans (skip) and W. H. Hume (skip). The
Evans team won the game. Four bowls to
each man and 21 ends constituted the play.
Following was the score of the decisive
game, Tuesday:

Evans team—1000 (1000) 1000—15
Hume team—1000 (1000) 1000—15

Wafted From the Bleachers When Darktown Sought Title

Any ball player will tell you that for
pure, unadulterated comedy you can't
beat a colored ball team. The bunch of
dark men brought out here this winter
by Rube Foster cleaned every white team
that would play them, and never even
half tried. Now they're back home in
Chicago playing a series for the colored
championship of the world against a team
from New York City.

Of course, the excitement is tremen-
dous, and one of the two cities will be
baptized by the time the title is decided.
The last series of five games was played
at the White Sox park in Chicago and
developed a near-riot every day. Most
of the audience returned home with dis-
tinctly sore and a pain in their sides
caused by general hilarity.

"Speedy" sat on one side of the press
stand and "Rasberry" on the other.
"What's the matter with that fellow
for the 'delicious fruit' brushed by oc-
casionally to see if there was any more
'New York' money in sight.

New York had scored four runs in the
first inning and was drooping.
"If we win this game bring everything
to the front. You all been telling me you
could win every game, don't you boys to
come you." Then Speedy laughed at his
own joke.

Babe Taylor was on third and J. Taylor
was at bat. "Now bring brother home, Jasper,
bring brother home," yelled Rasberry
and Jasper responded with a sacrifice fly.
The score had been tied. Speedy trem-
bled with excitement. That the Amer-
ican Giants forced one run ahead. After
everybody else had yelled one, the colored
roster rose at an unexpected moment
and yelled out for "bring me a dis-
cuss, never want to go to jail."

Over in the next box one of the backers
of the Chicago boys just could not re-
strain himself any longer when he re-
sisted the local team gradually creep up to the
front. When the score was 8 to 4 in
Chicago's favor he raised up, faced the
big crowd and said:

"If we win this game bring everything
to the front. You all been telling me you
could win every game, don't you boys to
come you." Then Speedy laughed at his
own joke.

Some woman sitting in a private box
near the press stand caused everybody to
laugh at a remark when Lloyd, the star
shortstop of the New York team, was at
bat.

"Ain't he got a mean pose?" she said.
Lloyd had trouble the day before and
lost one of his baseball trousers. It
was pinned in place so he could catch the
game. Next day he wore a new pair and
they didn't exactly match his blouse.
Speedy discovered it.

"Say, we all know you," he yelled. "You
needn't think you can disguise your face
with dem new pajamas. Lloyd, dat's who
you are."

Speedy had the field to himself. Finally
he turned the game over to the local
team. "Hi!" he called. "Rasberry,
why don't you all say something funny?"

A test case of the legality of the so-
called baseball pool was set for hearing
in court in New York today following
the arrest of Henry Francis Toren, al-
leged conductor of a pool, charged with
violating the State laws prohibiting lot-
teries.

The arrest was made on a warrant is-
sued after an investigation by the dis-
trict attorney's office and Toren was re-
leased in \$500 bail.

The 13 cars scheduled to take part in
the Santa Anita race were met by many of
the crowd in the order in which they
were entered. Under this plan
Morris, driving a Mercer will start over
the 44 mile course first, while Frank
Stefano, National will take the
scratch position.

Frank A. Garbut and George Adair,
local automobile men, were named as
referee and starter, respectively.

The 1913 was the important event
on the program of the grand circuit
harness races at Kalamazoo today. This
was the highest valued racing stake to
be contested for on the grand circuit
this season. The other events were a
2:01 pace and 2:22 trot. A fast track
and pleasant weather were reported.

Many of the horses stricken with fever
at Grand Rapids are still ill. For this
reason the racing officials decided to
postpone the 2:15 trot until tomorrow
and have only three races today.

McALLISTER EXPECTS TO SPRING SURPRISE TO- MORROW NIGHT

Graney May Referee Light-

By THE TIMEKEEPER.
"I EXPECT TO demon-
strate to my friends
and admire" said

Bob McAllister to-
day, "that I am worthy of the
support which they have given
me. There is going to be a sur-
prise sprung tomorrow night,
and I sincerely expect to beat
Petroskey before the expira-
tion of the 20 rounds." Thus
spoke the former Olympic club-
man in discussing his bout with
Sailor Ed Petroskey at Jim
Coffroth's Eighth-street arena
in San Francisco tomorrow
night. There was no bluster or
braggadocio about Bob when he
made the statement.

Confidence is an important part in the
make up of the ex-clubman. In his
training quarters at the Oakland Athletic
club, his work has been a source
of pleasing anticipation to the audience
which daily congregates to watch him
in action. His apparent lack of a K. O.
punch, however, is evidently having its
effect on the betting, odds being still
quoted at 10 to 9 with McAllister as
favorite, although in many instances
wagering has been at even terms in
cleverness and footwork, McAllister is
superior to Petroskey, but the
question of the punch is an unearthing
much Petroskey money.

Petroskey is a rugged man and can
assimilate considerable punishment. His
training, however, shows him
possessed with a terrific chin. McAl-
lister, on the other hand, is a
slender, but his lack of speed in delivering
blows should make it easy for Mc-
Allister to keep out of danger at the
same time picking away to a big enough
lead, to land the decision.

Just previous to the time that Mc-
Allister was asked about his fight
tomorrow night, Sullivan will challenge the winner. Sul-
livan says he has a backing of \$100,000
that he can beat either man. All of which
goes to prove that there are still a few
outside of an asylum.

Jimmy Rohan, the local boxing prom-
oter, made the announcement today, ar-
riving to bet \$500 in cold cash that
Joe Azavedo, who meets Tommy McFar-
land over a 20 round fight at the
West Oakland club on the 14th, will
beat Frankie Burns. Azavedo has been
showing up in remarkable form in his
last few fights. Burns, the champion
club, and Rohan believes that McFar-
land would have little difficulty
in beating Burns. If Azavedo beats Mc-
Farland, Rohan will match him with the
winner of the Watson-Burns go.

According to a statement today, Ad-
ward was placed \$25,000 with Tom
McCarthy, the Los Angeles promoter, for
a bout with Ritchie. Twelve thousand
five hundred of the sum goes that he
stop Ritchie inside of 20 rounds, and
the remainder that he defeats the pre-
sent title holder. No confirmation of the
report has as yet been made. And,
anyway, Ad would be pretty safe even
if he did have it placed.

There is a letter in the office for
Frank Burns.

Jim Buckley, who handles the man-
agerial affairs of Harlem Tommy Mur-
phy, is out with the announcement, that
if Willie Ritchie don't meet his man,
he will claim the heavy title. This
report has as yet been made. And,
anyway, Ad would be pretty safe even
if he did have it placed.

It is expected that Eddie Graney will
referee the Ritchie-Welsh bout in Van-
couver on September 1. He is suitable
to both principals.

Frankie Kirk, a claimant for the light-
weight title, will meet this evening at
Vallejo in a 20 round encounter.
Betting is brisk and about one-half of
the crowd stands to go broke, while the
other half will become prosperous when
the decision is rendered.

DOCTOR GILLIHAN SCORES METHODS

BOARD OF HEALTH PRESIDENT ANGRY

Says Department of Berkeley Is Clumsy and Is Not Efficient

BERKELEY, Aug. 7.—Arrival of the present health department of Berkeley for obsolete methods and inefficiency is contained in the annual report which Dr. A. F. Gillihan, president of the board of health, has submitted to the city council. Dr. Gillihan points out flagrant examples of inefficient administration, declaring them due in part to clumsy organization of the department and in part to the fact that employees thereof are on half time.

He points out the danger of inadequate inspection of the city's water supply. He would have the sanitary inspector, who is at present George Grimshaw, and the city attorney, R. C. Stoddard, removed from the board of health by reorganization of that department, declaring they have no rightful place there. Finally, he offers a budget for the department amounting to \$14,135, which is greatly in excess of the present cost of the work.

Dr. Gillihan mentions the passage of the sanitary market ordinance as a progressive step, but calls attention to several lapses on the part of the city council. Nothing has been done, he declares, toward financial provision for the enforcement of the ordinance, no provision for additional sanitary measures recommended made, no medical inspection of schools and school children instituted, no steps taken toward a necessary reorganization of the health department and no revision of the health ordinances made to comply with the present state laws. He calls attention to the establishment of the municipal laboratory and the important work it has accomplished.

MILK DEFECTED.
The report calls attention to the fact that a "laboratory examination of some of the milk supplies of the city has not been made within the past six months." This he lays to the part-time services for which the veterinarian is paid and recommends the appointment and payment of a man for full time.

Regarding the water supply of the city the report says in part:

"The protection of some of these reservoirs (Geopline Water Company) against contamination is, to say the least, a farce of the rankiest kind. Upon any one of these supplies becoming contaminated with disease, particularly typhoid, it would become impossible to determine the area of the city involved. The whole city might be infected. In order to insure absolute knowledge of freedom from disease it is necessary that water from each source be repeatedly examined as near that source as possible, as well as water from the different reservoirs."

CRITICISM OF LOCAL HEALTH OFFICE METHODS FOR INEFFICIENCY is prefaced with the statement that the officials concerned therein have been conscientious. The report continues:

"Methods and customs in use in the health office are not to be tolerated in any modern business corporation. The officers are working part time only; apart from their reports, which are not means exist for ascertaining what work was done by the health officer on any particular day. It is full time Berkeley was putting its health office on a business basis. The milk ordinance, which is specifically stating the fact, implies that at least four inspections of each establishment per year be made by the milk inspector; certain places have not been inspected for a year."

"The sanitary inspector is such in name only. He is in reality a plumbing inspector under the building department and a nuisance inspector under the health department. It is possible for him to give but a very small part of his time to sanitary work for the board of health."

Regarding the inefficiency of this branch of the health service Dr. Gillihan mentions a specific case, a stopped-up sewer on Telegraph avenue, which he declares has persisted for at least three years at the time his report is made. He quotes two records regarding the matter in both of which appears the notation: "Mr. Grimshaw reports that sewer has been repaired."

"Sewerage from this air intake," comments Dr. Gillihan, "will overflow into the gutter as per my personal observation on June 30, 1913. Absolutely the only efficient solution is the appointing of an executive staff who give their whole time to their official duties and whose attention is not demanded by other duties elsewhere."

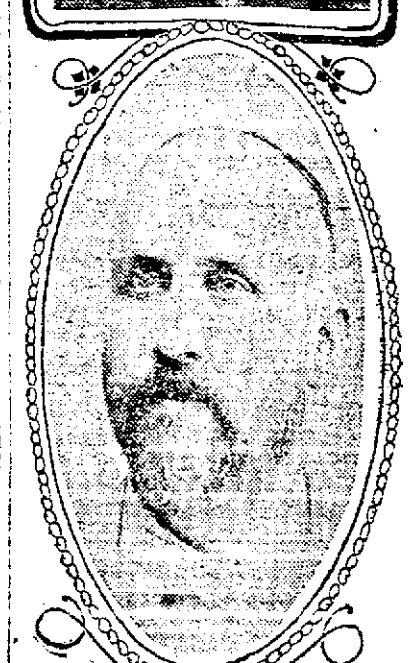

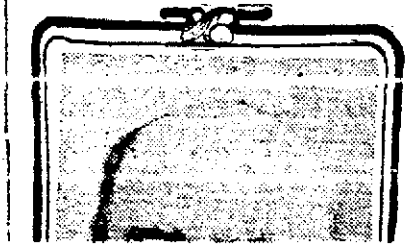

Among Dr. Gillihan's recommendations are the following: Full time health office officials and employees, medical supervision of schools and school children, frequent sanitary inspections by the health department, municipal garbage collection, revision of the health laws to conform with the state laws and reorganization of the board of health.

On the latter point Dr. Gillihan criticizes especially the retention of a plumber and a city attorney on the health board. He says:

"It is about as reasonable as that a butcher, milkman, baker or other individual whose occupation the board supervises be a member. He who executes the law should not be given the power to make that law. The sanitary inspector should be an executive officer only. The city attorney, not being technically trained in public health, is of little assistance in the working of the board. All suggestions for the board should be made by the health officer."

Dr. Gillihan offers a budget for the health department for 1915.

SERVE ALAMEDA CITY ON HARBOR BOARD

L. N. CHAPMAN AND HERMAN KRUSI, MEMBERS NEW ALAMEDA HARBOR COMMISSION.

ALAMEDA, Aug. 7.—Mayor Frank Ols has appointed five harbor commissioners to serve the city in connection with the development of the Alameda water front. The five commissioners are: Herman Krusi, formerly head of the Pacific and Gulf Dredging company and at present a member of the municipal board of electricity; George E. Plummer, a well known citizen and lumber man and builder; Captain Walter C. Tibbitts of the Pacific Shipyard and his company; and Carl E. Rhodin, an Alameda construction and consulting engineer.

The five commissioners are to work in conjunction with the city council. They will find considerable work at hand for the proposed improvement of the State tidelands in this city will call for an expenditure of \$200,000 and the devising of an effective and comprehensive plan of improvement. The reorganization of the municipal wharf north end of Oak street, together with its subsequent operation as a public landing will also be within the scope of the commission's activities. The present dispute over sickens being pumped onto marsh property of the Pacific improvement company, will also be taken up by the harbor board.

BATTLE WITH FLAMES ON BERKELEY HILLSIDE

BERKELEY, Aug. 7.—One of the most serious grass fires of a series that have occurred in the past two months broke out on the Berkeley hillside today. The fire started in the neighborhood of an abandoned rock quarry, near the head of Shaft street, and burned east and west up and down the hill. It started to spread laterally when the fire department was summoned. By hasty backing the flames were kept from approaching the residence district and the rest of the hillside. The Pacific Electric Company, there was no monetary loss.

ensuing year of \$14,135. He provides for a health officer, milk inspector and veterinarian, bacteriologist, chemist, inspector, sanitary inspector, assistant clerk, all on full time with a combined salary of \$11,100. Concluding his report, Dr. Gillihan says:

"No apology is offered for laying bare the inefficiency in this department. The selected examples—and there are many other more flagrant ones—have been described in order that obsolete methods under which they developed may be exposed."

"If public health is purchasable, as has been fully demonstrated, it behooves Berkeley to wake up."

UNITARIAN CLUB SEASON OPENS

Popular Alameda Organization Hears Captain W. I. Day Talk on Prison Reform

ALAMEDA, Aug. 7.—Following its regular summer vacation the Unitarian club resumed its series of meetings with a lecture on prison reform by Captain William I. Day last night. Captain Day is superintendent of the California prison commission. A large attendance at the opening session greeted the speaker.

Captain Day is one of the strong advocates of prison reform and the speaker stated that there are three elements interested in reform—the State, society and the individual. The State is interested in reforming convicts because they are a disgrace and an expense to society because they are a menace, and the individual because he suffers in it.

The reformers are again divided into two classes, according to the speaker: the hard hearted reformer, who believes in capital punishment as a means to lessen the number of convicts and the sentimentalist, who honors the prisoner, making him the recipient of candy, benedictions and the like.

He stated that the theory that crime is a disease, and that being such the convict should be treated as such, but rather taken care of and shown consideration.

"Man has a conscience," the speaker continued. "He knows right from wrong and he should be treated as such. He spent 20 years in prison work and am convinced that I have solved the problem."

MANY IMPRISONED.
"There are 200,000 criminals imprisoned in the United States. One per cent of these die and the other 99 per cent leave the penitentiaries unimproved. They are turned back into the greedy world and fall into grasping hands."

The speaker told of the conditions existing in the prisons. He said that the imprisonment of men in cells has a tendency to excite a moroseness of disposition. Captain Day said that the compulsory servitude measures on the rock pile or just mill is not conducive to their health. Reformation with these means resorted to, he declared, is impossible.

FAVORS A FARM.
An industrial farm, the speaker declared, is the only solution to the problem. A farm in California of 10,000 acres, planted to alfalfa, grain and fruit, with factories here and there, machine shops, saw mills, brick kilns and other industries, and equipped with a school, hospital and other essential would do much to solve the problem of caring for the criminal.

The scheme proposed by the speaker was that of the men in a regular day but modest wage and the classification of the prisoners into subdivisions, according to the nature of their dispositions and the offense for which they are in duress.

"When a prisoner would be sent to the farm, he would be put in charge of a speaker," he said. "He would be inclined to work and behave himself. He would be transferred into class B, and continued improvement would entitle him to enter into class A."

"Still further continued exemplary deportment would entitle him to a parole and his citizenship rights would be restored."

Captain Day told of the bill that has been passed by the State legislature, entitled "The Industrial Farm Bill," which provides for the purchase of such a farm.

The music of the evening was furnished by R. F. Morehouse, tenor. The evening was the regular club smoker.

A change in the program for the next meeting night, Aug. 14, will be the speaker instead of Roswell S. Wheeler. The subject will be "The Moral Influence of the Movies," and will be illustrated with moving pictures.

TO LAY SIDEWALKS FOR MCKINLEY PARK

ALAMEDA, Aug. 7.—One of the improvements that has long been awaited by the people of the city, the laying of sidewalks on Walnut street and Clement avenue sides of McKinley park, is to be taken up at once. The sidewalks will be laid immediately after the next taxes have been equalized, or surpassed in Berkeley in August only twice in 27 years, those occasions being in 1854 and 1861. Today's temperature was slightly reduced from that of yesterday, according to forenoon observations, but still exceeded former records for years past for August.

INQUEST HELD ON VICTIM OF TRAINS
ALAMEDA, Aug. 6.—Coroner C. L. Tiedie held an inquest today in the case of Edward Downie, the 19-year-old boy, killed by an electric train Tuesday night. The testimony showed that Downie was wheeling a wheelbarrow loaded with wood. The train struck the wheelbarrow and then the boy. The boy's skull was fractured at the base. He died fifteen minutes after being struck. The train was in charge of Conductor C. J. Hunt and Motorman John Macaulay. The boy was the son of Mr. and Mrs. Robert Downie of 628 Central avenue.

OAKLAND AUTOSISTS ARRESTED.
ALAMEDA, Aug. 7.—Ernest Stohler of 1213 Sixteenth avenue, Oakland and Frank Hines of Alameda, were arrested yesterday by Patrolmen Louis T. Ward and Joseph Bottenbort respectively and charged with violating the traffic ordinances. Stohler is charged with speeding and Hines with operating his automobile without a light.

IMPROVED SERVICE TO LAKE TAHOE
The weather and conditions are ideal at Lake Tahoe at the present time, and commencing today the Southern Pacific Company will run regular Tahoe special daily, leaving Oakland, Sixteenth street, at 7:30 p. m., arriving at Truckee and the lake the next morning at a convenient hour. This special is composed of latest style sleepers, containing drawing rooms and sections and should prove of great advantage to patrons of the beautiful lake. Trout fishing is good at this point and there are a great many resorts around the lake where patrons can enjoy the beautiful scenery. Illustrated booklets can be had for the asking of any of the agents.

FELIX DIAZ OAKLAND VISITOR SON TO ENTER UNIVERSITY

REGISTERS AT CLUB AND AT BIGHOTEL

Says He Will Do Best He Knows for General Good of Mexico

Motoring from Pleasanton, where they had been the guests of Mrs. Phoebe Hearst at "The Hacienda," General Felix Diaz, international figure in current affairs, and his party toured Oakland and the University of California campus yesterday, after which they lunched at the Hotel Oakland.

In the afternoon the Mexican leader was the guest of the Commercial club, and had a long conference with Mayor Mott and Joseph E. Caine on matters of local interest. Accompanying Diaz were Jose Romero, his secretary, and Francisco Meriander and Julio Hidalgo, aides. The party left last night for Victoria, where they will embark for Japan. While on the way they will stop at Portland and Seattle.

SON TO BE U. C. STUDENT.

BERKELEY, Aug. 7.—General Felix Diaz distinguished Mexican, was so pleased yesterday with the University of California in general and the campus of which he spent two hours with his suite, and the agricultural college in particular, that he decided before leaving to send his son here for the education. The young man in question is now just finishing his high school course in Mexico City, and his father intends he shall come here immediately upon completion of his work, to study farming.

General Diaz showed the keenest interest in the mining and agricultural departments of the university when he visited the campus yesterday, accompanied by Jose Romero, Filadelfo Hernandez and Julio Valillo, his first, second and fourth secretaries, respectively. He proved the reputation which preceded him for two things: An ability to keep silence in any but his own tongue, and a love of amateur photography.

To Prof. Rudolph Schvill of the university department of Spanish, he spoke often in that tongue, but when the conversation was in English, though he knows that language well, he left most of the talking to Secretary Romero. He carried with him a excellent little camera, roll after roll of which he filled as Professor Schvill accompanied him about the campus.

ALAMEDA PERSONALS

ALAMEDA, Aug. 7.—Miss Hilda Swenson, a Swedish beauty, who is coming to Guerneville today. Miss Swenson was with friends on the Russian when she was one of a house party of young people.

Ernest McDaniel is spending his vacation with the Bohemian club at Bohemian Grove on the Russian river. He will be joined by George W. Scott and Howard Baxter for the week-end.

Mr. and Mrs. B. C. Brown will spend the next two weeks in Yosemite Valley, having left today for that place.

But it was at the Agricultural Hall, where he met Dean Thomas Forsyth Hunt, that he was chiefly interested in view of his plan for sending his son here for instruction. He talked to Dean Hunt at some length through his secretary, and Professor Schvill, of the organization of the department and of the state farm school at Davis. He learned in detail the steps his son would have to take to enter this university. The Hearst Greek Theater was the final place visited, and here again General Diaz used his camera to good effect.

During his whole tour of the campus the distinguished Mexican uttered but one phrase of political import. Just before leaving he turned to Professor Schvill in the course of conversation and said:

"I am going to do the very best I know how for the general good of my beloved Mexico."

HAS BUSY DAY.
SAN FRANCISCO, Aug. 7.—General Felix Diaz, the Mexican special ambassador to Japan, ended his three day sojourn around the bay last night at the Hotel California.

STUDENTS TO MAKE AMERICAS A UNIT

University to Send Delegates to Pan-American Congress in 1914

UNIVERSITY OF CALIFORNIA, Aug. 7.—What students or graduates of the university will receive the rare honor next year of being sent as delegates to the fourth International Congress of American Students will be a question for decision after the reopening of the university later this month. Ralph C. McGee, E. Denman McNear and Edwin Moritz Einstein represented this university in last year's congress, which was held in Buenos Aires.

The congresses of American students are a portion of the program of the Pan-American Union. The first was in Montevideo in 1903 and the second in Buenos Aires. Each in turn has been attended by a larger number of delegates than its predecessor. Fifteen American universities received permission to send delegates.

The invitation to the University of California to be represented comes through the Pan-American Union. The object of the conference is to cultivate a fraternal spirit between the students of the different American countries of an advanced standing. South and Central American colleges, as well as those of Mexico, Canada and this country, are represented at the congresses. Because of the opening of the Panama canal it is expected the conference of next year will be of unusual importance, and it is considered possible that an excursion of the delegates to the canal may be made. Many of the delegates are expected in the following year to continue their tour to California to attend the exposition.

MERMAID AFTER BETTER RECORD

Nell Schmidt to Try to Lower Time for Mile at Native Son's Carnival

ALAMEDA, Aug. 7.—Miss Nell Schmidt, the Alameda Mermaid, is to swim in the Native Son's carnival at Lake Merritt, September 9. The Alameda swimming girl will make an attempt to lower her own mile record, and incidentally clip two minutes off the woman's world record of 31 minutes 54 seconds for the mile. The swim will be made in Lake Merritt.

The committee in charge of the aquatic sports of the carnival has been diligent in its efforts to secure the Alameda girl for one of the numbers of the big carnival but it was only today that Miss Schmidt gave her consent to swim against her own record and that of the championship mark.

Since her return to Alameda from the vaudeville stage, the swimming girl has devoted much of her time to daily practice in the surf. She has adopted the crab stroke, used only by the strongest men swimmers, and has succeeded on several occasions in unofficially breaking the world's record, reducing the time over a mile from 31 minutes to 29 minutes. Miss Schmidt is an open water swimmer and desires to swim in a tank. It is on this account that she has taken advantage of the opportunity to make the swim in Lake Merritt, the water there being smooth, but not "dead," as is the water in a tank.

The swim will be official and will probably draw thousands to the carnival that would otherwise not attend.

SEEKING PLACES FOR U. C. STUDENTS TO WORK

UNIVERSITY OF CALIFORNIA, Aug. 7.—Students at the university ever increasing numbers are earning their own way through college. This year the president's office will make every effort to obtain employment for such students on part time basis.

A full list of all places where students may receive either room or board alone or cash payments in return for household or other duties will be kept in the president's office, where students will apply for employment. The president's office will be glad to receive from any parties resident in Berkeley, Oakland or Alameda desiring the services of students on part time notice to this effect by letter, telephone or otherwise.

OWNER WANTED FOR TEN FEET OF LAND

ALAMEDA, Aug. 7.—Ten feet of land along the western border of McKinley park by the city has been the cause of much worry to the various officials, had again looked up for an owner. The land was not included in the deed to the city, but is not claimed by anybody else.

Mayor Frank Ols has decided to get at the bottom of the ownership question and with City Attorney Samuel F. Jones Jr., is now making an investigation.

Councilman E. J. Probst, who has been a councilman ever since the purchase of the park says that he believes the land belongs to the state, and to secure McKimley park if possible, and to secure make the park a state park.

Dear Sir:

I wish to state that the five line advertisement I run in your paper under the heading "Money to Loan" has brought and is bringing me in on an average eight (8) inquiries daily.

I am using other mediums to advertise the contract I sell, and a close account is kept; the result so far proves beyond doubt that the "TRIBUNE" beats them all.

WESTERN CITIES WILL SEND BANKERS EAST

WASHINGTON, Aug. 7.—Secretary McAdoo's plan to deposit an additional \$50,000,000 of government funds among the banks in the agricultural sections has met with prompt approval from the bankers in the southern, western and far western states invited to attend the conference at the treasury department tomorrow, Friday and next Thursday to confer regarding the distribution of the funds.

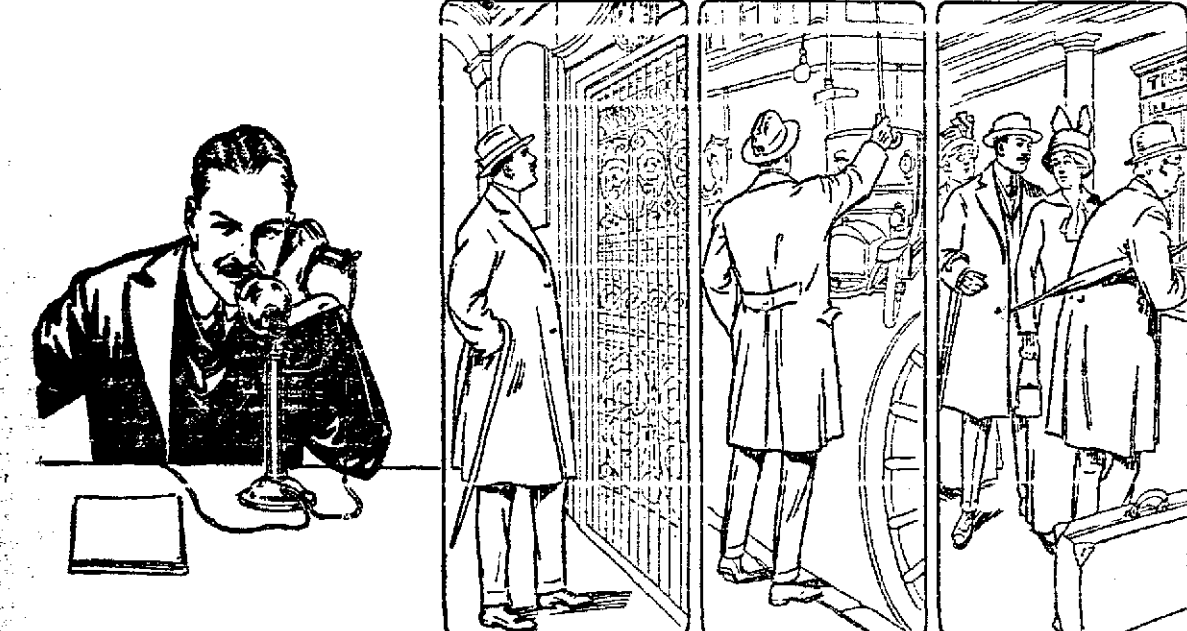

The banks of all five far western cities included in the plan, have replied they will send representatives to Washington. Out of the nineteen western cities all but three have sent favorable replies and all of the thirty-seven southern cities have been heard from.

SELLS LARGE PEARL FOR TWENTY DOLLARS

LANSING, Iowa, Aug. 7.—John Wendt, clammer, who yesterday found a pearl of fifty grains while at work in the Mississippi river here, being percent of the value of the pearl, sold it to a Chicago buyer for \$20. Experts informed Wendt that it was worth a much larger sum, some even putting the value as high as \$1600, but Wendt considered the twenty in hand a small fortune and snapped up the offer eagerly without waiting for more.

FALLS OVER CLIFF

COURMAYEUR, Italy, Aug. 7.—An American, J. A. Stuart of Baltimore, had a narrow escape from death while climbing Mont Blanc with two Swiss guides. One of the guides was killed. A fall of ice from a glacier threw the three men roped together, down a precipice.

The Universal Time Saver

"TIME IS MONEY." It is more than that—it is the realization of results, in the pursuit of business or happiness.

The telephone increases the value of every minute. It adds to every man's efficiency.

Successful business today depends upon the utilized minutes.

The telephone enables the business man to compound the working day with actual results accomplished.

He covers a lot of ground, in a short time, at the smallest possible expense.

The Bell Telephone system is the time saver of the nation. Every day 26,000,000 Bell Telephone talks represent an estimated saving of \$4,000,000 in time and energy to the American people.

TOOZE, WITH JINX ON TRAIL, WRITES OF TRIBULATIONS

Assistant Secretary W. C. Tooze of the Oakland Y. M. C. A. believes a jinx worse than any that has pursued the Oaks ball team was in full charge of a journey east which he has just completed. He has written to friends in this city that the hoodoo appeared as soon as he had passed the California boundary. On the Nevada desert his train got tangled up in a cloudburst and was delayed ten hours. The same train was held up by washouts near Rawlins, Wyo. Tooze thought he had shaken off the jinx when he changed trains. He was mistaken. The engine which was pulling him east on the Baltimore & Ohio was wrecked by just the other side of St. Louis. The same train was held up by another wreck on that road in Ohio, when a fireman was killed. Tooze stepped off the train in New York into the midst of terrific heat and thunderstorms. He was alive July 26 and his friends are hoping for the best.

'MODER NWOMEN' SEEKING BEACH

Two of Fair Sex Are Candidates for Judge

SACRAMENTO, Aug. 7.—Two of the "modern women" of Los Angeles desire to don the wig and the somber robes of justice and are out in the open clamoring for appointment at the hands of Governor Johnson. They are Clara Shortridge Feltz and Mrs. Fanna Alex, both more or less known in political circles and active in the women's movement.

Clara Feltz, who is now in Los Angeles, is a well-known actress and has been in the city for some time. She is a candidate for the position of judge in the next election. Mrs. Fanna Alex is also a candidate for the same position. They are both well-known in the city and have a large following of supporters.

JOHNNY BRYANT, AVIATOR, KILLED

Californian Drops to Earth While Flying at Victoria

VICTORIA, B. C., Aug. 7.—Aviator Johnny Bryant of San Francisco was killed instantly yesterday when the right plane of his hydroplane crumpled as he was attempting to bank against a strong wind. The machine and man fell from a height of 200 feet to the roof of a two-story building in the heart of town.

In the presence of thousands of on-lookers, Bryant took to the air at 10 o'clock. He was flying at a high altitude and was seen to make several loops before he attempted to land. Unfortunately, a strong wind blew against him, and his plane lost control. It crashed into the roof of a building, and Bryant was killed instantly.

STEERING GEAR BREAKS ON GIANT STEAMSHIP

NEW YORK, Aug. 7.—The steering gear of the giant Imperator, which docked here yesterday, broke Saturday shortly before midnight and the great ship, utterly helpless, made circles and a tug in disaster several times before she could be stopped.

They were late diners in the Ritz Carlton restaurant, but most of the 503 first-cabin passengers were in bed when the steering gear suddenly snapped. The rudder shifted to port and the ship took a sudden list to starboard. Drinks and food were thrown into the laps of diners. The rusher to the deck in terror to find the ship beyond control, running at twenty-two knots in a great circle. It was a clear night fortunately.

CAR SHORTAGE IS NOW THREATENED

Railroad Commission Asks Shippers and Railroads to Assist in Preventing It.

SAN FRANCISCO, Aug. 7.—The Railroad Commission has sent the following letter generally to shippers and receivers of freight throughout the state:

To all Shippers and Receivers of Freight:

During the next few months the preponderance of traffic will be outbound from California, thereby lessening the number of cars which will be available for local traffic.

The Commission respectfully requests that shippers and receivers of freight in carload lots use every effort to load and unload cars to less than forty-eight hours free time permitted under our demurrage rules.

LIFE'S STRUGGLE WITH ILLNESS

Mrs. Stewart Tells How She Suffered from 16 to 45 years old—How Finally Cured.

Euphemia, Ohio.—"Because of total ignorance of how to care for myself when verging into womanhood, and from taking cold when going to school, I suffered from a displacement, and each month I had severe pains and nausea which always meant a lay-off from work for two to four days from the time I was 16 years old.

"I went to Kansas to live with my sister and while there a doctor told me of the Pinkham remedies but I did not use them then as my faith in patent medicines was limited. After my sister died I came home to Ohio to live and that has been my home for the last 18 years.

"The Change of Life came when I was 47 years old and about this time I saw my physical condition plainly described in one of your advertisements. Then I began using Lydia E. Pinkham's Vegetable Compound and I cannot tell you or any one the relief it gave me in the first three months. It put me right where I need not lay off every month and during the last 15 years I have not paid out two dollars to a doctor, and have been blessed with excellent health for a woman of my age and I can thank Lydia E. Pinkham's Vegetable Compound for it.

ROYCROFTER SAYS IT'S GREAT TO BE CRAZY

SAN FRANCISCO, Aug. 7.—"Crazy Sunshine" scintillated into town yesterday, taking a little walk from East Avenue, N. Y., where he inspires Elbert Hubbard in some of his most characteristic work, having gone to the Boardwalk from the Middletown Insane Asylum, where he edited a paper, the contents of which made Hubbard say: "Ah! here's the man I'm looking for." That was years ago, and "Crazy Sunshine"—otherwise Ray Williams—has been with the Roycrofters ever since, until last March, when he thought he would stroll to San Francisco.

"Crazy Sunshine" got on finely until he reached Stockton, three weeks ago, when he felt his mental cogs slipping a notch or two. So he walked into the State Hospital at Stockton and committed himself.

PRUNES ARE BRINGING BIG PRICE ON TREES

CHICO, Aug. 7.—Prunes, that last season at this time were going for 2 and 2 1/2 cents, are now bringing 5 cents on the trees.

Buyers are dealing in futures and paying high prices for the fruit. Growers are, as a rule, disposing of their crops in advance. They will be relieved of the anxiety and labor of harvesting and will not be forced to form a pool to keep up the price, as was the case last year.

EX-CONVICT IS JAILED ON NEWER CHARGES

FRESNO, Aug. 7.—After swindling John Wheeler of Ardmore, Okla., out of \$25,000, a man named Wheeler, who was arrested in his long-lost son, J. D. Wheeler, an ex-convict, was arrested in Fresno yesterday morning by sheriff's deputies on a charge of receiving money under false pretenses. His prosecution depends on whether Wheeler will come here from Oklahoma and testify.

Upon his return here after seven months' absence he was arrested. Wheeler, eloped with a 16-year-old Salvation Army girl, but the marriage was annulled.
